

Corona virus

At LBH International A/S we are following the evolving situation closely. We want to ensure the safety of our staff and follow national guidelines. Based on that we have sent as many office workers as possible to work from home and in our productions we have taken measures to ensure workers health.

This means that we are still fully operational. We are working closely with our 3 production sites (Denmark, Poland & Hungary) to ensure we follow local guidelines and we are ready to move orders in between the sites, if local restrictions require so.

At LBH International A/S we still have full workforce to help you with inquiries and orders. We also have relatively big stock, so we will be able to service you, even if supply of materials will be limited for some time.

On the other hand, we would like to be as prepared as possible. We are already met with longer delivery times of materials due to lower capacity in logistic sector. So we would encourage you to send us your inquiries & orders as soon as possible in order to give us sufficient time to prepare logistics and ensure your supplies within time.
